IOSH is the Chartered body for health and safety professionals. With over 47,000 members in more than 130 countries, we're the world's largest professional health and safety organisation.

We set standards, and support, develop and connect our members with resources, guidance, events and training. We're the voice of the profession, and campaign on issues that affect millions of working people.

IOSH was founded in 1945 and is a registered charity with international NGO status.

North Wales Branch

On behalf of the committee, welcome to the Branch programme September 2018 through to March 2019. The 2017–2018 year, as I'm sure you will agree, was fantastic due to the variety of topics, speakers and venues. I hope you'll also agree we have planned some great meetings going forward!

We have speaker meetings on traditional hazard-based health and safety topics and we have speakers presenting on the topics of becoming a consultant and HSE's role in changing times. We have a unique site visit to Outreach in Bethesda, which you are asked to book to attend (email: bookings@iosh.com) as we are limited to 30 places.

As always, there will be a buffet and refreshments, served on a first-come-first-served basis during the first half-hour of the advertised meeting/visit times.

New this year at our hotel-based meetings, we will have a Professional Development Corner, where you are welcome to arrive from 13.15 or 18.15 to talk to committee members about IPD and CPD.

Meetings are free of charge and open to non-members. There will be a warm welcome, excellent hospitality and great networking opportunities.

The Committee and I look forward to welcoming you. If you require further information, please speak to a committee member at a meeting or keep an eye on our updates by email; on your personalised weekly *Connect*; and on our website www.iosh.co.uk/northwalesbranch.
